Overview:

- National crop insurance scheme.
- Covers crop losses due to natural calamities, pests and diseases.
- Premium rates are subsidized.
- Claims processed according to notified guidelines.
- Official portal: <https://pmfby.gov.in>

General Benefits

- Improves productivity
- Reduces production risk

- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Kisan Credit Card (KCC)

Overview:

- Provides short-term agricultural credit.
- Can be used for crop cultivation and allied activities.
- Lower effective interest with prompt repayment under eligible conditions.
- Available through banks and cooperative institutions.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Agriculture Infrastructure Fund (AIF)

Overview:

- Supports warehouses, cold storage, grading units and post-harvest infrastructure.
- Offers interest subvention and credit guarantee support.
- Available to FPOs, PACS, entrepreneurs and eligible institutions.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Soil Health Card Scheme

Overview:

- Encourages soil testing.

- Provides nutrient recommendations.
- Promotes balanced fertilizer application.
- Helps improve soil productivity.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

e-NAM (National Agriculture Market)

Overview:

- Digital trading platform connecting agricultural markets.
- Improves transparency.
- Provides wider market access.
- Supports better price discovery.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Pradhan Mantri Krishi Sinchayee Yojana (PMKSY)

Overview:

- Improves irrigation coverage.
- Promotes efficient water use.
- 'Per Drop More Crop' encourages micro-irrigation technologies.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture

- Encourages technology adoption

National Food Security Mission (NFSM)

Overview:

- Supports increased production of cereals, pulses and other priority crops.
- Promotes improved production technologies.
- Provides demonstrations and extension support.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Rashtriya Krishi Vikas Yojana (RKVY)

Overview:

- Supports state agricultural development projects.
- Encourages innovation and infrastructure.
- Funds state-specific agricultural priorities.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Paramparagat Krishi Vikas Yojana (PKVY)

Overview:

- Promotes organic farming.
- Supports farmer groups adopting organic practices.
- Encourages certification and market linkage.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Mission for Integrated Development of Horticulture (MIDH)

Overview:

- Supports fruits, vegetables, spices, flowers and plantation crops.
- Provides assistance for nurseries, protected cultivation and post-harvest infrastructure.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Sub-Mission on Agricultural Mechanization (SMAM)

Overview:

- Encourages farm mechanization.
- Supports purchase of agricultural machinery through eligible assistance.
- Promotes custom hiring centres.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

National Bamboo Mission

Overview:

- Supports bamboo cultivation and value addition.
- Encourages processing and market development.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Formation & Promotion of FPOs

Overview:

- Supports Farmer Producer Organizations.
- Improves collective marketing.
- Strengthens bargaining power and market access.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

Digital Agriculture Initiatives

Overview:

- Farmer databases.
- Soil mapping.
- Digital advisory.
- Technology-enabled agricultural services.

General Benefits

- Improves productivity
- Reduces production risk
- Enhances farmer income
- Supports sustainable agriculture
- Encourages technology adoption

General Eligibility Notes

Eligibility differs by scheme and may depend on landholding, state participation, crop notification, institutional status, or other criteria. Applicants should consult official scheme guidelines before applying.
